

## LOCAL PLAN UPDATE

### **New additions and changes to Listed Buildings in the London Borough of Sutton following the Local Plan adoption (February 2018)**

Listed buildings are those buildings considered to be of special architectural or historic interest. They are designated by the Secretary of State (for Digital, Culture, Media and Sport), advised by Historic England. The list is available online through the [National Heritage List for England](#). Listed buildings are graded I, II\* or II to reflect their relative special architectural and historic interest.

The Sutton Local Plan (adopted 2018) identifies 182 listed buildings in Schedule 8.A of the Local Plan Appendix and these listed buildings are also identified on Appendix Maps 8.1 to 8.6 and on the interactive Policies Map.

Since adoption of the Sutton Local Plan in 2018, Historic England has designated a number of new listed buildings and changed the grading of two existing listed buildings. These changes are set out in Tables 1 and 2 below.
